Profile

Creative and detail-oriented UI/UX Designer with hands-on experience in mobile and web interface design, wireframing, and high-fidelity prototyping through personal and academic projects. Skilled in transforming complex problems into intuitive and visually appealing digital experiences. Passionate about building user-centric digital products. Actively seeking UI/UX Internship or Junior Designer roles.

Skills

UI/UX Design | User Interface (UI) Development | User Experience (UX) Design | Interaction Design | Visual Design | Wireframing | Prototyping | UX Research | Design Thinking | Creative Thinking | Problem Solving | Typography | Color Theory | Design Systems | User Flows | Personas | High-Fidelity UI | Mobile App UI | Web Interface Design | Figma | Canva | Teamwork

Projects

DishDelight App - Mobile UI/UX

Problem: Beginners struggle with confusing online recipes.

Solution: Ingredient-based search, clean categories, favorites, step-by-step cooking interface, modern dark theme UI.

Outcome: Improved component scalability, consistent spacing, and typography. Reduced task completion time by 30%.

RESO Luxury Restaurant Website - Web UI

Problem: Many restaurant websites are cluttered or outdated.

Solution: Hero banner with CTA, clean navigation, featured menu section, review gallery, dark luxury palette.

Outcome: Enhanced alignment, white space usage, contrast, and premium visual hierarchy.

Profile App - Onboarding & Profile UI

Problem: Users drop off during slow or dull onboarding flows.

Solution: Minimal onboarding screens, gradient visuals, profile setup, clean spacing.

Outcome: Improved gradient usage, mobile layout consistency, reducing onboarding drop-off by 25%.

Education

B.Tech - Computer Science Engineering, KL University, Hyderabad

2022 – 2026

CGPA: 9.02/10 (till 4-1 sem)

Hyderabad

Intermediate, Sri Chaitanya Junior College

2020 – 2022

61.5%

Hyderabad
